LAW AS A CAREER

The ambition to enter the legal profession is usually drawn from inspiration. Most law aspirants tend to find their stimulus coming either from personal heroes (usually family members), fictional ones (Perry Mason, Alan Shore) or because they feel really drawn by the idea that one person can truly make a difference.

From Mahatma Gandhi to Barack Obama, the list of luminaries who have used this profession as a stepping stone to greatness runs long and wide. Gone are the days when black robes and courtrooms were the bread and butter of lawyers. From swanky corporate offices to jobs in movies and the media, lawyers have moved many moons away from the conventional and now live very much in the real world.

What are the Law exams I need to take?

The interested candidates who wish to take up Law as career need to qualify any of the entrance examinations listed below:

CLAT- Common Law Admission Test, commonly known as CLAT is the national level law entrance exam. You can take this admission test to secure a seat in any of the 18 National Law Universities (NLUs), TNNLS Tiruchirappalli, DSNLU Visakhapatnam, Nirma Ahmedabad etc.

LSAT- Law School Admission Test, commonly known as LSAT is a standardized test of reading and verbal reasoning skills designed by the USA-based Law School Admission Council (LSAC) for use by law schools in India.

DU LLB/LLM - Faculty of Law, University of Delhi conducts a separate law entrance exam for admissions to various law courses namely LLB and LLM courses.

SET Symbiosis- Symbiosis Entrance Test commonly known as SET is a common written test conducted for taking admission to undergraduate law programs offered by various institutes under Symbiosis International University.

ULSAT- UPES Law Studies Aptitude Test commonly known as ULSAT is conducted by the University of Petroleum and Energy Studies (UPES). The competitive entrance test is conducted to grant admission to Bachelor of Laws (B.A. LLB) and LLB in Corporate Laws, Cyber Laws and Intellectual Property Rights.

Why Law?

You're the Leader of the Pack

Lawyers today aren't just taught the tenets of the law, they are taught to lead the world. The ability to make decisions based on facts and reasoning, rather than emotions is an integral part to success in the legal world and holds even more value out of the court room. A great leader has the ability to make the hard choices putting the interests of his client first.

Placements Nonpareil

Students from the top Law Schools don't need to go job hunting, as appropriate opportunities come looking for them. Every year the best law firms in the country, not to mention top corporate houses set placement targets for their HR teams to ensure they don't miss out on the top talent in the country. The trick is to prepare for LAW entrance exams and get through a good LAW school.

Show me the Money

The IITs and IIMs are not the only schools in the country to go to get top jobs. Law School graduates now earn salaries on par (and often exceeding) the best offered in Business Schools or Engineering Colleges.

A chance to reign Supreme

The dream of most lawyers is to roam the halls of The Supreme Court of India. Most lawyers from the top Law Schools in the country do that. Beyond being an established lawyer in India, there are no geographical boundaries for a great legal mind. Options are open at the United Nations / International Court of Justice and more.

Which Law course should I choose?

You can either pick a three-year LLB program or a five-year integrated BA LLB course. If you have qualified 10+2/higher secondary school examination/intermediate examination or equivalent and have an urge for legal field, you can look in for the five year integrated BA LLB course. Otherwise if you feel to join it after graduation, you can go for the LLB program after being graduated.

From where should I pursue Law?

- National Law University, Delhi
- National Law School of India University, Bangalore (NLSIU)
- NALSAR University of Law, Hyderabad (NALSAR)
- National Law Institute University, Bhopal (NLIU)
